

[Lubrificanti](#)

ELF engine oils benefit from the experience gained in over 30 years of motor racing, in which ELF has established itself as a leader. The technological solutions developed in Formula 1 in terms of anti-wear agents, antioxidants and resistance of the layer of oil are applied to the development of our products for the general public. Choosing an ELF oil, you are guaranteed the benefits of the experience of a brand known for its dynamism in the research and the technical efficiency of the products.

ELF COMPETITION ST 10W40
