### **Clutch Kit 4 Pieces with rigid Flywheel**

The 4-piece kit with rigid flywheel is a replacement product of the amortized double flywheel: it has been

The market for replacement of the amortized dual flywheels is a nascent market, driven by recent develo

To provide the aftermarket a cheaper alternative for products that are mainly intended to be fitted on mo

In the 4-piece kit, consisting of a flywheel drive and a traditional 3-piece kit, the filtering function of the vi

For some vehicles, the 4-piece kit also allows an increase in the duration, thanks to a larger area of friction.

Currently the range Valeo 4-piece kit consists of four references to VAG applications - 1.9 TDI engines -
